ANGELS OF THE RECKONING

"Nothing can stop what is coming — Justice is coming"

Lady Liberty takes a knee and looks to the sky
They appear from the clouds in the blink of an eye
No, not all angels play the harp and sing
These angels blow trumpets of The Reckoning

Her torch begins to glow and shines bright on the bay
Disappearing shadows on the eve of judgment day
Thunder booms loud and the heavens part wide
Winged warriors from up high — Judgment on the tide

Angelic soldiers soar with banners unfurled
Holy defenders coming down to save the world

Liberty calls (Out) from the eye of the storm
Angels of the reckoning sounding the alarm
Come around (Now) — Witness the fight
Angels of The Reckoning reclaiming the night

Waves crash on shores of the free
Stars align for His great decree
Patriots gather hearts ablaze with might
Through the fog of battle — Freedom's in sight

No fear in their eyes — Heaven's battle cries
Of spiritual warfare high in the skies
His judgment rings loud — Let darkness beware
God's will be done — Hear His voice in the air

Liberty calls (Out) from the eye of the storm
Angels of the reckoning sounding the alarm
Come around (Now) — Witness the fight
Angels of The Reckoning reclaiming the night

Liberty calls (Out) from the eye of the storm
Angels of The Reckoning sent down from the Lord
Come around (Now) — Witness His Light
Angels of The Reckoning are leading the fight

Judgment day dawns — The angels descend
Christians are beckoning the angels of the reckoning
For Creator and country — Fighting to the end
And by the grace of God Lady Liberty stands again
Again

FOUNDING FATHERS

Cloaked in the night, near watchful eyes
 Sons of liberty meet, where eagles fly
 Taverns and cellars, codes in the air
 Plotting break from the crown's heavy snare
 Boston sparks fly, tea in the sea —
 Hearts afire, yearning to be free

Plans unfold, providence guides the way
 Darkness can't quench what God sets ablaze
 Whispers to roars, storm starts to brew —
 Forefathers rise, patriots anew

Founding fathers! (Stand and fight!)
 In darkness forging light — Their fire, burning bright
 By heaven's hand, claim the right
 Forefathers! (Hearts aflame!)
 Defy the king, reject his name —
 Freedom calls from secret halls
 United we stand, never to fall! — No, no!

Congress assembles, delegates convene
 Adams and Franklin, visions so keen
 Paine's common sense, Words like a blade
 Washington waits, His army arrayed
 Tyrants and taxes, no more to endure
 Faith in the Maker, resolve pure and sure

Through peril and prayer, with quills in hand
 Philadelphia's destiny takes a stand
 Rights from the Lord, life, liberty's plea
 Independence declared, no more bending the knee

Plans unfold, providence guides the way
 Darkness can't quench what God sets ablaze
 Whispers to roars, Storm starts to brew —
 Forefathers rise, patriots anew

Founding fathers! (Stand and fight!)
 In darkness forging light — Their fire, burning bright
 By heaven's hand, claim the right
 Forefathers! (Hearts aflame!)
 Defy the king, reject his name —
 Freedom calls from secret halls
 United we stand, never to fall! — Oh, no!

July dawns, fifty-six sign —
 Jefferson's draft, Hancock's line
 Bells ring out, colonies cheer —
 America's birth, casting out fear
 Clandestine vows to open decree —
 God's Grace upon 'em, land of the free!

Founding fathers! (Stand and fight!)
 In darkness forging light — Their fire, burning bright
 By heaven's hand, claim the right
 Forefathers! (Hearts aflame!)
 Defy the king, reject his name —
 Freedom calls from secret halls
 United we stand, never to fall!

250 YEARS

Pilgrims on the Mayflower, seeking faith's new shore
Landed in the wilderness, Divine Call they bore
Hundred fifty six years later patriots make a stand
Founders' vision sparked across a promised land

Liberty's torch lit — Through trials, by Grace
We The People took a stand in the Lord's embrace
Quarter millennium strong, providence at the helm
Hearts united under heaven's realm
Echoes of a past calling us to rise
For another chapter under open skies

Two hundred fifty years! (50 stars aligned)
America's story by divine design
Dawns of independence to the morrow's gleam
Holdin' the line, livin' the dream
Two hundred fifty years! (Old Glory waves)
Grace upon a brave new day
Unified in purpose, bold and free
Two fifty through eternity

Civil War divides, but freedom's cause unbound
Emancipation's promise on this hallowed ground
World wars conquered evil — Allies hand in hand
Baby boomin' families all across the land
Civil rights marching — Equality cries
American experiment through God's eyes

Quarter millennium strong, providence at the helm
Hearts united under heaven's realm
Echoes of a past, calling us to rise
For another chapter under open skies

Two hundred fifty years! (50 stars aligned)
America's story by divine design
Dawns of independence to the morrow's gleam
Holdin' the line, livin' the dream
Two hundred fifty years! (Old Glory waves)
Grace upon a brave new day
Unified in purpose, bold and free
Two fifty through eternity!

Looking back with thanks, forward with resolve
Eternal principles, the problems we solve
Creator's hand upon this land so grand
Two hundred fifty more — Together we stand!

Two hundred fifty years! (50 stars aligned)
America's story by divine design
Dawns of independence, to the morrow's gleam
Holding the line, living the dream
Two hundred fifty years! (Old Glory waves!)
Grace upon a brave new day
Unified in purpose, bold and free
Two hundred fifty through eternity!

DEADLY SINS

Pride swells high but a crown of thorns you wear
Blind to the fall, tumbling unaware
Greed claws deep hoarding shadows cold
Empty souls chasing fool's gold
Lust surges wild twisting paths astray
Breaking vows turning hearts away

Seven traps waiting in the night Dragging down,
eclipsing light
Heed the call 'fore it's too late Turn from this path or
seal your fate

DEADLY SINS! Pull you under Pride and Wrath, Ego
and thunder!
Envy's poison, Sloth's heavy chain Gluttony feasts on
endless shame
DEADLY SINS! Break the hold Lust and Greed,
stories untold
Rise against in Heaven's name Short term gain,
eternal pain
Eternal pain!

Envy burns green stealing joy away Coveting thrones
in disarray
Gluttony devours, never satisfied Hollow inside
where the spirit died
Wrath erupts! like a hurricane Vengeance blinds!
leaving only stains
Sloth creeps slow, wasting gifts divine Dreams decay
on the idle vine

Seven traps waiting in the night Dragging down,
eclipsing light
Heed the call 'fore it's too late Turn from this path or
seal your fate

Deadly sins! Pull you under! Pride and Wrath Ego
and thunder!
Envy's poison, Sloth's heavy chain Gluttony feasts on
endless shame
DEADLY SINS! Break the hold! Lust and Greed,
stories untold
Rise against, in heaven's name Short term gain,
eternal pain
Eternal pain!

These vices whisper, promise empty thrills
Leads to ruin against our Father's Will
Mercy waits for those who seek The Way
Repent and rise Save your soul today

Deadly Sins Pull you under! Pride and Wrath! Ego
and thunder
Envy's poison, Sloth's heavy chain Gluttony feasts on
endless shame
Deadly sins! Break the hold! Lust and Greed, stories
untold
Rise against in heaven's name Short term gain, eternal
pain
Eternal pain It's not worth the pain!

QUEEN 17 (BOOMERANG)

*"From the 17th book of the Old Testament, for such a time as this
In the shadows of an empire, a new queen rises from the abyss
Hidden in the palace as the king's concubine
Esther's beauty veils her doomed bloodline"*

Orphaned Esther chosen — Her story unforeseen
The Scroll tells the tale — Crowned as fate's own queen
Mordecai whispers warnings from the gate
Evil schemes unfolding, sealing their fate.

Haman's pride swells high — Demands the knee to bow
The faithful hearts resist — Igniting fury now
Three days of fasting, prayers ascend like fire
Esther steps up to the throne, risking all in desire.

"If I perish, I perish." — Her bold decree rings true
Unveils hidden truth — the noose meant for the Jew
King's scepter extends — His mercy in sight
Darkness starts to crumble in the piercing light

From exile to empire — Freedom for her kin
Justice like a boomerang coming back again
(Boomerang) Back around — (Gallows turn) The wicked fall
Her light breaks through it all — (Seventeen) The
Prophecy
(Freedom rings) Her people set free — God's Will for her
was destiny
(Boomerang) Divine rebound — Blades of Truth cutting
evil down

Haman's plot reverses — He hangs on his own snare
Purim feasts eternal — Joy beyond compare
From sorrow to salvation — Story etched in stone
A queen's courage shining — Liberty unbound

United in the battle — Faith as shield and sword
Redemption's anthem echoes, forevermore.

For such a time they rise and claim the fight
Patriots of heaven, bearers of the light
No bondage can hold what God has set free
In every generation, cling to this victory

(Boomerang) Back around — (Gallows turn) The wicked fall
Her light breaks through it all — (Seventeen) The
Prophecy
(Freedom rings) Her people set free — God's Will for her
was destiny
(Boomerang) Divine rebound — Blades of Truth cutting
evil down

(Boomerang) Back around — (Gallows turn) The wicked fall!
Her light breaks through it all — (Seventeen) The
Prophecy
(Freedom rings) Her people set free — God's Will for her
was destiny
(Boomerang!) Divine rebound — Blades of Truth cutting
evil down
Boomerang — Boomerang — Queen Seventeen!

SOULMATE

In the quiet of dawn when the world's still asleep
I see your face in my dreams — Each promise I keep
We grew up worlds apart but our tales align
Same trials, same joys — Echoing through time

You're my lover in the fire, best friend in the storm
Confidant in shadows keeping my heart warm
Biggest fan in the crowd and into the night
With you by my side everything's just right

We pray together, hands intertwined
Our covenant sworn by heaven's design
No one else compares, no other light shines
In this life and beyond, you're forever mine

SOULMATE — Written in the stars before
Lovers in past lives visiting heaven's door
Through Grace we met from up above
Eternal Flame, unbreakable love
You're everything, my reason to believe
God's plan for us none can deceive
SOULMATE — Hold me close, never let go
In every world our hearts always know

Your laughter is melody — Your touch sets me free
We chase the same horizons — Always you and me
Faithful through seasons, each and every day
We built this life every step of the way

Whispers to my heart — strengthening my soul
My very best friend — Your love makes me whole
Grew up together with miles in between
Each and every moment led us to this scene

We kneel in silence, vows etched in stone
Our marriage to God never alone
Prefer your presence over anyone at all
With you my love, I have it all!

SOULMATE — Written in the stars before
Lovers in past lives, visiting heaven's door
Through Grace we met from up above
Eternal Flame, unbreakable love
You're everything, my reason to believe
In God's plan for us, none can deceive
SOULMATE Hold me close — Never let go
In every world our hearts always know

• • •

When the night falls heavy, if any doubts creep
We turn to each other, no secrets to keep
Past lives whisper stories — Future calls our name
In the afterlife waiting — We burn the same flame
No end to our journey, no goodbye in sight
It's you and me forever in His Light

SOULMATE — Written in the stars before
Lovers in past lives, visiting heaven's door
Through Grace we met from up above
Eternal Flame, unbreakable love
You're everything, my reason to believe
Oh, my SOULMATE
Eternally

CARRY THE SONG

The Storm is here but, we'll see it through
 The song will tell us what to do
 The message is written in the tune
 For a new beginning that's coming soon

We pierce the veil with wisdom's glow
 Light the shadows, let truth flow
 His Light's in the sound — Spirits ignite
 Bringing justice sets wrongs to right

The truth awakens with every note we hear
 Beams from the lantern — Shadows disappear
 Dark to light — We can never fail
 The song of justice
 Freedom's wind in our sail

Carry the song — Carry the freedom
 This is a dream come true
 Red, white, and blue!
 Carry the song — Carry the freedom
 This is a dream come true
 This is my dream for me and you.

Outwit the doom in harmony
 The melody shines in perfect key
 Each note a beam, each word a call
 To righteous balance - Free it all

Extend the light through fading night
 The anthem gleams and burns so bright
 United we shine — Our path secure
 Morning glory forever pure

Carry the song — Carry the freedom
 This is a dream come true
 Red, white, and blue!
 Carry the song — Carry the freedom
 This is a dream come true
 This is my dream for me and you

Carry the song

Carry the song — Carry the freedom
 This is a dream come true
 Red, white, and blue!
 Carry the song — Carry the freedom,
 This is a dream come true
 This is my dream for me and you
 Oh, and you

CARRY THE SONG - LIVE!
